PHOTOGRAPHIC/VIDEO RELEASE

The Sustainable Livelihoods Foundation appreciates your willingness to participate in our current project entitled “Community participation in action for the prevention of tuberculosis and HIV in South Africa”. This project is supported by USAID TB Care II. Project activities include taking many photographs and making several videos of workshops, training sessions, focus groups and events - some of which you have attended. These photographs and videos are used for our not-for-profit organization’s learning, publications and other communications purposes.

We would like to be sure that you have given your approval for photos and videos taken of you within the activities of this project to be used in technical reports, on our organizations website and Facebook page, and in other publication materials that may arise as outputs from this project in the future. If you wish to give you approval for this, we ask you to sign this release form to indicate your consent to the Sustainable Livelihoods Foundations rights to use the photographs/videos. This will help us to ensure that our records are complete in regard to the usability of each photograph and video that we take.

Please complete and sign the form below and return it to a Sustainable Livelihoods Foundation representative.

I hereby give my consent to and authorize the use and reproduction by you, or anyone authorized by you, of any and all photographs/videos that you have taken of me, for any purpose whatsoever, without further notification or compensation to me.

I am over 18 years of age.
